

Request for Meal Accommodation

This form maybe used to request meal modifications for participants of the Child and Adult Care Food Program (CACFP) who have a physical or medical impairment. The care provider will work collaboratively with parents/guardians to ensure equal opportunity to participate in the CACFP and receive program benefits. However, if the care provider is unable to accommodate your participant's meal modification within the meal pattern requirements, a *Medical Statement* completed by a State licensed Medical Professional will be needed (CACFP 17-2016).

Parent/Guardian:

Completing the Request for Meal Accommodation form helps the care provider accommodate meal modifications within the meal pattern requirements for participants with a mental or physical impairment. Your participation in this process is important and allows for advanced planning and preparation needed to provide the accommodation. The care provider is not required to provide a specific substitution (such as a particular brand name) but must offer a reasonable modification that effectively accommodates your participant's needs.
