## What Do You Need to Enroll at A CUES School?

- Family Registration Form** – This information sheet stays in the school office and allows us to have the necessary information to complete your child’s enrollment
- Birth Certificate** – Nebraska State Law requires that a CERTIFIED BIRTH CERTIFICATE (with raised seal) be provided upon enrollment of your child for the first time in an accredited Nebraska school.  
**\*\*Please bring the original certificate for us to copy\*\***
- Registration Deposit (non-refundable)** – The down payment for new families registering at a CUES School is \$50.00 upfront at the time of registration and acceptance to the school. The balance is due before school starts in August (see tuition information sheet for specifics).
- Current School Records** – these are necessary to complete the registration process for all transfer students.
- Immunization Records** – Nebraska State Law requires that all students are immunized prior to attending school. Bring immunization records for us to copy. Without proof of proper immunization, we cannot enroll your child. These records may be sent, faxed, or brought to the school office by the first day of school in August.
- Copy of your 1040 tax form (please see example attached)**
- ALL families must FULLY COMPLETE** an application with Children’s Scholarship Fund (CSF) by the deadline, regardless of income.
- School physicals within 6 months of the beginning of the school year for Kindergarten, 7<sup>th</sup> Grade students and any out of town students.**

**\*\*All of the above must accompany the registration form when it is returned to the office.**
